BOARD POSITIONS

There are still a handful of key board positions that MUST be filled for the 2021 year. College Park Band is pretty special. In this socially distanced world, it is imperative that we continue to build upon our strong band family ties and work together to support the program. We have parents of freshmen to seniors from all sections on the board. We have a mix of full-time employees to stay at home parents who volunteer their time on the board. Some roles are more time consuming than others - there really is something for everyone! Here are just a few comments, from both current and past board members, describing their experiences. Don't miss out on the opportunity of a lifetime!;

"After 6 years of kids in the band and 4 years involved with the Boosters, all I can say is I wish I had started earlier and gotten involved the first 2 years. Becca's suggestion that the high school years are short is absolutely on-point. The time flies and then.....it's over. Get involved and cherish the last few years with your kids. They'll never admit it but the kids love to see their parents building a prop, giving out water, or pushing a marimba onto the field".

"I was a band kid in high school and my dad was Super involved. He went to every game as a chaperone. Volunteered for everything. And those are the most CHERISHED memories I have from high school!! All too soon they leave us. Enjoy these times together. It takes a village, literally, to run this program. Come be a part of something special".

"Our years on the Board were so special. We made some lifelong friends, helped out with a fantastic organization, and the kids loved that we were involved in their activities".

Everyone else who still needs to return their uniforms: they were due on Wednesday Nov 4th! Please return them asap!! They are school property and need to be kept at school after washing, not at home! Any problems: return it to the problem rack with a note, otherwise return it to your spot!

PAVILION

Pavilion season for 2020 is still unclear. We have potential for another movie event before end of the year. This down time is the perfect time to get your TABC certification. It's a 2 hour course that you can take on you own time. Doesn't have to be completed all at once. There are plenty of sites. Google Texas TABC certification. I personally used the link below but there are many options online. Once you get your certificate please email it to pavilion@cpband.org.

Also, if you haven't signed up for the pavilion mailing list. Click on the following link. Once the season gets up and running like normal, this will be the main form of contact.

CORPORATE & FAMILY SPONSORSHIP

As we head into the tail end of marching season and into a month of giving thanks, we are once again reminded of how wonderful and thankful we are for the support we have been given by our Band Family Sponsors and Corporate Sponsors. Your support continues to open up the doors to new experiences, memories and opportunities for all the young men and women in the program. As you can imagine, there are many expenses involved in managing such a high-caliber program. Your donation is not just a charitable contribution, for many it is a life experience.

From all of us on the College Park Band Booster Board, we want to extend a warm THANK YOU to everyone!
